Full Professional Proficiency

INTERESTS

Listening Music

Watching movies

Stock Market news

EDUCATION

Bachelor Of Technology

Parul University

07/2018 - 03/2022

CGPA: 8.07 / 10.00

Courses

Computer Science and Engineering

PERSONAL PROJECTS

SVAR - SIGN LANGUAGE RECOGNITION SYSTEM (12/2020 - 05/2022)

'SVAR' translates sign language used by deaf and dumb community into corresponding text in real-time. Webcam is used to capture the image. The image is fed as input to Machine Learning Algorithm which is trained using Indian Sign language(ISL) Dataset. Text corresponding to sign language is displayed on Web Application.

HomeoKart (08/2021 - 04/2022)

HomeoKart, a full-stack E-commerce web application where users can buy medical supplies and can also book an appointment and consult a doctor with an integrated video calling feature. Also added a payment gateway(Razorpay) in test mode for simulation. Used MongoDB for database.

Deployed on Render(First time loading can take some time): <https://homeokart.onrender.com/>

WORK EXPERIENCE

Front End Web Developer(Intern)

RAB Stacks LLP

08/2021 - 09/2021

Achievements/Tasks

Developed fully functional Front-End of a website using ReactJS from the given FIGMA designs and integrated it with REST API .

Associate 1-Software Engineer

Capgemini

07/2022 - Present

Baxter

Worked in Linux environment and on embedded devices.

Worked on C/C++ project code and solved issues.

Installation of ESXi Server on VMware (On-premises setup for customer).

Performed Formal run of protocols.

Used Azure DevOps to raise issues, create Test cases and their results.

CERTIFICATE

The Complete 2023 Web Development Bootcamp by Dr. Angela Yu (UDEMY)

Next.js 14 & React - The Complete Guide by Maximilian Schwarzmüller (UDEMY)

EXTRA CURRICULAR ACTIVITY

Participated in MUN (Model United Nations)

Participating in MUN helped me *develop leadership skills, research, writing, public speaking, and problem-solving skills* .
